

# MSP 10

## Replacement drive for Monospace by Kone

For the EcoDisc drives of the MX05 and MX10 series used in KONE Monospace elevators, we offer a custom-fit replacement solution. Our drives are precisely tailored to the structural conditions and allow for a direct 1:1 replacement – without extensive modifications to the shaft or mounting bracket.

### Technical data

<b>Encoder:</b>	Linear Measuring Technology
<b>Protection class:</b>	IP40
<b>Duty cycle:</b>	S5-50%
<b>Brake:</b>	207 VDC
<b>Brake monitoring switch:</b>	Microswitch

### Suitable for

KONE Monospace elevators with EcoDisc MX05 or MX10

- Modernization projects without a machine room
- Systems with limited space in the shaft head
- Operators looking for a manufacturer-independent alternative
- Elevators requiring energy-efficient and quiet drive technology

### Drive versions
